

## The Final Stretch To The Finish!

We are in the final stretch of this campaign and it's going very strong. Calls and emails are pouring in of folks supporting me to the College Board.

Very exciting but we are not there yet.

We still need money and volunteer help to get us to the finish line. Please give what you can right here online or you can call 415.287.3431 for other arrangements.

Every dollar counts now through Election Day!

Your efforts have been great! Let's make this campaign really solid with visibility and person-to-person contact. Make calls, tell your friends and neighbors how important a change on the City College Board of Trustees would make to the City and its 100,000+ students that attend every year. Contact us at 415.287.3431 or email.

Have you seen the window sign? We need more in your windows!

Call 415.287.3431 or email for a sign and maybe you'll get to see me in person at your door.

Let's make a difference at City College this year! Your support and help is very appreciated by me but more the students at City College.

I look forward to seeing you at the Victory Party!

Again, thank you for all your help and continued support. See you to victory!

Bruce
