

An Important Endorsement: Tenants Union Endorses Bruce

THANK YOU TENANTS UNION MEMBERS!!

One of the City's strongest political housing and renters advocate, SF Tenants Union, has endorsed Bruce offering their support and confidence that he will insure tenant representation and protections for students, their families and the stakeholders of City College, the faculty and staff.

"I am so honored and humbled to receive the Tenants Union endorsement and support. The service and help they provide the multitudes of renters in the City every day gives hope and strength in order to survive and be successful in their lives without the damaging stresses of a lurking eviction. I support their efforts and ability to continue to increase protections for renters and to make change. Thank you, Tenants Union for your trust and confidence in my service as City College Trustee to be," said Bruce Wolfe as he learned of the news from fellow candidate and incumbent, Milton Marks, over the phone.

It is time to come together to bring back that lustre to City College. Help elect Bruce to the City College Board of Trustees by volunteering your time, posting a sign on your window, bicycle or vehicle, or making a donation today.
